

Goodrich Children's Center

3 Year Old Preschool      March 2020

Mrs. Moors, Mrs. Irby and Mrs. Jeannie

March is full of fun activities. We are celebrating March is reading month and St. Patrick's Day.

It is slowly starting to warm up, but with this unpredictable weather, you never know what tomorrow will bring. Please continue to send your child with proper outdoor clothing.

Please continue to send or leave a full change of clothes for your child every day.

#### Literacy:

This month we will be working on the letters q, r and s. We will do fun activities and crafts that focus on these letters.

We will be celebrating March is reading month by making a giant caterpillar with the names of books we've read.

We will also be doing fun activities and games to celebrate St. Patrick's Day.

#### Math:

We will be counting, patterning and sorting shamrocks.

We are going to start patterning with colors and objects. This is always a fun activity that the children really enjoy. Eventually they start to want to make their own patterns.

#### Science:

We will be experimenting with all the colors and what happens when they get mixed together.

We will also be talking about and doing experiments that show how rainbows form.

#### Music:

- "5 Little Leprechauns"
- "Leprechaun song"
- "The Leprechaun's go marching"

#### Important Dates:

March 4<sup>th</sup> – Pajama Day

Enrollment for 2020/2021 – March 2<sup>nd</sup> for current families/ March 9<sup>th</sup> for new families

March 13 – Session 8 Due

March 30 – April 3 – Spring Break – No school
